"God Gives the Seed--the Bread We Need.
 Man's Labor Must Provide It."

Upper--The old method of reaping the crop. Lower--The modern method. Indefinite grain at elevators in Winnipeg.

It is estimated that sixty-nine thousand harvesters will be needed to garner the crops in Western Canada this year. Of this number probably nineteen thousand will be supplied by the Western and prairie provinces leaving fifty thousand to be recruited in the East.

This is an unusually large number. It means that from all parts of Eastern Canada a great army of Canadian men must be mobilized to harvest the grain upon which the general prosperity of the country depends. The famous gold rush of 'ninety-eight held no greater touch of glamour and romance than this annual exodus to the wheat fields of the west. From office, factory and college our young men and old men, and some of our women too, are preparing to enlist in the great adventure from which all hope to return hardy, bronzed and with a swollen savings account.

The railway companies are fully prepared for the rush. Their Colonial cars of the newest, most serviceable and comfortable type, of which they have a greater supply on hand than ever before, are in readiness and there is more than enough motive power available for immediate service.

The Colonial car has kept pace with the remainder of railway equipment in the march of progress. In the older days many prospective harvesters remained at home because of the stories they heard of hardships and discomfort endured on the journey to the wheat-fields. Now, however, all that is changed. Colonial cars differ only in trifling details from the standard sleeping cars and they leave nothing to be desired in points of comfort, security and convenience.

There is every reason to suppose that the East will raise its quota of fifty thousand men. The inducements are unusually good. A bountiful crop is expected; wages are high and there are unlimited positions available. Many young men attending colleges will avail themselves of the reduced rates to see the country and join in the great adventure of bringing the sheaves, as the most profitable way of spending a holiday.

A. The dates for the excursions are, from Quebec, August 14th and 20th; and from Toronto and points in Eastern Ontario, August 18th and September 1st. From Western Ontario the dates are August 21st and September 1st. The rates are the same as last year--to Winnipeg \$15.00 and from there to the final destination, half-a-cent a mile. These rates apply equally to women as to men and there are many tired Easterners who will take advantage of the excursions to make their first trip west, as much for the purpose of seeing the scenery "out west" and becoming personally acquainted with the geography and topography of the country as for taking part in the harvesting operations.

Departmental Exams

Results of Entrance and High School Examinations in Detail

Grade VIII. 8 pupils wrote and all passed, as previously published.

Grade IX. 13 wrote. The examination subjects were: Literature, Composition, History, Algebra, Geometry and General Science. Promotions are by subject, 50 per cent being the pass mark.

10 received promotion, standing as shown: Laura Mae Johnson, Charles Yvonne Gilders, Cleophas Mary Desmond, and Wilbur Lawrence Johnson, 6 units. Isabella Lees and Roy Arthur Sharp, 5 units, must repeat history. Howard Mitchell Wade and Alexander Fleming Wright, 5 units, must repeat algebra. Edith Amelia Baum 4 units, must repeat history and geometry. Seraph Lucille Hess 3 units, must repeat history, algebra and geometry.

Grade X. 10 wrote. 5 had first year work to complete.

Examination subjects were: Literature, Composition, Art, History, Algebra, Geometry, Agriculture and Physics. 7 un-

OBITUARY

Sarah Elizabeth Arnold

The death of Mrs. Sarah Elizabeth Arnold, of Petersham, Surrey, England, occurred at Oyen Hospital on Thursday, August 27, following a short illness of pneumonia.

Mrs. Arnold left her home in England about the middle of June to come to Canada to visit her daughter, Mrs. F. J. Langford, visiting en route a sister in the States, whom she had not seen for 35 years. Mrs. Arnold arrived in Oyen on August 16. Three days later she was admitted to Oyen Hospital suffering with pneumonia, and her death occurred eight days afterwards.

The funeral service was conducted at All Saint's Church at 1 o'clock on Sunday afternoon by Rev. Remington Walker of Alaska. Many beautiful floral tributes were sent by friends and the impressive service was attended by a large number of mourners. Interment followed at Oyen Cemetery, Messrs. R. P. Hall, M. A. Rossing, A. J. Funnell, G. A. Langmuir, J. Sullivan and E. A. Pope acting as pall-bearers.

The late Mrs. Arnold, who died in her 67th year, was predeceased by her husband two years ago. She is survived by four sons, all of whom are in England, and her daughter, Mrs. Fred Langford, of Haven, who came to this district a year ago.

its being a year's work.

Promotion standing are as follows: Margaret Jocelyn Hendry, Ella Mae Johnson and Maxine Sutherland, 7 units. John Irl England, William Russell Johnston and Karia M. Westwood, 6 units, must repeat history. Dorothy Love, 6 units, must repeat composition. Catherine M. Wright, 6 units plus first year geometry, must repeat Agriculture. Josephine Madeline Brecken wrote off and passed first year history, algebra and geometry; and passed art, composition and literature of second year. William Carlyle England wrote off first year composition and algebra, and passed literature, composition and physics of second year.

Grade XI. Ruth Nield completed her grade eleven work. 10 students wrote the full examination. Violet Gertrude Clough and Carline Marguerite Johnson passed. Anna C. Mitchell must re-write arithmetic.

Grade XI promotion was not by subject, but will be under the new system in 1926.

The new course in the High School is based on the unit system. 21 units of work are required. Three years is the minimum time in which full Normal Entrance or Matriculation Standing can be obtained. Some students will not be able to finish the course in that time, but all students will be promoted in those subjects in which they pass 50 per cent of the departmental examinations.

All who intend to proceed with or to continue High School work should return to school at once. Time lost now is lost practically for ever.

May I ask for the co-operation of all parents and guardians? Results cannot be hoped for if the necessary preparatory work is not properly done. If anything is not clear, come and see me.

W. L. Irvine, Principal.

OYEN THEATRE

Friday-Saturday, September 4-5

COLLEEN MOORE

—in—

"The Perfect Flapper"

Supported by Frank Mayo, Phyllis Haver,
Lydia Knott and Charles Wellesley.

Colleen Moore needs no introduction to the patrons of this theatre. In "The Perfect Flapper," you will see her surrounded by many, but longing for the arms of the only one. That's her problem. But she solves it and in a typical flapper fashion. That's why you'll love her—that's why she is called the sunshine girl.

Good Time Dance after show, Saturday

Patrons are asked to note that starting September 1, all shows will commence at 8 p.m.

Extra Special For Harvest

12 to 13 lbs. boxes of Soda Biscuits, 18c per lb.
\$1.00 Sodas, for 90c

About Town and Country

School opened yesterday.

Miss Emma Soley of Springfield, Nova Scotia, who is visiting Mr. and Mrs. Harvey Johnson, leaves this week to commence her duties as teacher in Mount Royal College, Calgary.

C. A. Sloan, a former resident of this district, now of Merritt, B.C., was a town visitor last Friday.

H. R. McMurray has sold his drayline to Ed. Armitage, and will leave Oyen this week for Alesia, Alta., at which point he will be buyer for the Home Grain Co.

Mrs. Uglad will hold a Millinery Opening at Guthrie's Store on Friday and Saturday, September 4-5. All the latest fall models.

Eugene Bond who has been spending a vacation with Mr. and Mrs. Harvey Johnson, left last Thursday for Calgary and Banff, before returning to his home in Medicine Hat.

Born—To Mr. and Mrs. Gus Finstad of Oyen, on Tuesday, September 1, at Oyen Hospital, a son.

Mr. and Mrs. J. J. Gainer and family, who spent their summer vacation in Arthur, Ont., visiting in Chicago, Buffalo and Toronto en route, returned to Excoel last Friday.

Mrs. M. G. Whitlock and her sister, Mrs. F. W. Ritchie, who spent the week-end in Youngstown, returned to Oyen last Monday. They were accompanied by their daughters.

Fair price money is now available at the office of the secretary, Mr. W. V. Miller.

A plate and basket have been found in the Agricultural Hall. Owner or owners may have same by proving property.

Miss Agnes Riebeck, who has been the guest of Mrs. W. B. Dobbin, returned to Hanna after a ten day visit.

William L. Irvine, school principal, returned to Oyen last Monday, after spending a vacation in Calgary and Kamloops.

Say you saw it in the News.

Miss Glennell Colwell, B.Sc. of Maryville, Mo., who is taking Miss Bishop's place on the teaching staff at Oyen School, arrived in town on Sunday, accompanied by her sister Grace, who will teach at Hollywood School, 7 miles north of Cereal.

"The Folks Next Door"

Lecture by Rev. George Dickson of Knox Church, Calgary

Under the auspices of the United church, Rev. George A. Dickson, of Knox Church, Calgary, delivered his celebrated lecture "The Folks Next Door," in Oyen Theatre, last night before a large audience, who enjoyed the entertainment thoroughly. The program was augmented by vocal numbers rendered by Mrs. William McLeod and Mr. Robert Nisbet, each of whom sang a solo and for a concluding number, a duet, each item being enjoyed.

James Johnston of the "Horseback Journey" again came via the Lakes O'Harraed on August 8.

Organized by the Harrow of Montreal show, a lot of grain shipped to Oyen by the C.P.R. in delivery of 2,277,712 bushels of grain to outgoing ships. Harbor officials state that this is the first time that grain shipments in one day have topped the two million bushel mark.

Installation of machinery at the new annex of the Dominion Textile Mill at Monkswerey Falls, Quebec, will be started by January first next. About 300 additional employees will be required to operate the plant. At present there are about 1,300 employed at the mills.

The total number of students in Canadian universities and colleges in 1924 was 52,639, or nearly one in eighteen of the total population, according to a bulletin issued by the Dominion Bureau of Statistics. Under the category of colleges, the total number in 1924 was 25. Of this total six are agricultural, two technical, two law, one dental, one for pharmacy, one for veterinary science, 28 theological, 29 affiliated of one school for higher commercial studies, one college of art and one military college.

During the coming winter Canada will see the debut of a new transportation device known as the Snow-motor. This consists of two hollow clear shaped cylinders or drums to which flanges resembling cork screws, are attached. These drums are fixed to an automobile or tractor in the place of the wheels and, by rotating actually float the machine over the snow. The snow-motor is regarded as especially valuable in the transportation of lumber; it can negotiate snow of any depth and can operate in countries where other methods of transportation are impossible or too costly and can also make roads which other vehicles can use. It is manufactured in Detroit and will be on the market in Montreal during the coming winter.

Twelve British newspapermen representing some of the most important dailies in Great Britain, are now making a six weeks' tour of the country over Canadian Pacific lines. The party will travel from Halifax to the Pacific Coast taking in all the important industrial and scenic points of the country. They will spend a day at the Canadian National Exhibition at Toronto, and will visit the famous Bungalow Camps in Ontario, as well as the beauty spots in the Rockies. They arrived at Quebec on August the 22nd, on the Montclair, the object of the tour being to correct in the minds of representative British journalists the erroneous impressions recently made in England regarding Canada.
